2023-2024 Prioritized Bad Weather Days

LIGHT Christian Academy will follow decisions made by the Orange County Public School System as it relates to school closures for severe weather. In the event of severe weather in our area, parents and students should turn to their local TV and/or Radio news channel for information regarding the status of school closures in Orange County. If Orange County Public Schools have closed due to bad weather students should **NOT** report to school that day. Since the school office will not be staffed during these times, it is not necessary to call the school office to advise them that your student will not be attending.

LIGHT Christian Academy will resume its normal schedule on the same day as does Orange County Public Schools.

Prioritized Bad Weather Days
