2024-2025 Prioritized Bad Weather Days

LIGHT Christian Academy will follow decisions made by the Union County Public School System as it relates to school closures for severe weather. In the event of severe weather in our area, parents and students should turn to their local TV and/or Radio news channel for information regarding the status of school closures in Union County. If Union County Public Schools have closed due to bad weather students should **NOT** report to school that day. Since the school office will not be staffed during these times, it is not necessary to call the school office to advise them that your student will not be attending.

LIGHT Christian Academy will resume its normal schedule on the same day as does Union County Public Schools.

Prioritized Bad Weather Days
