Re: Student Holiday, MAP Testing, Teacher Appreciation, Etc.

MAP Growth Testing

MAP Growth testing started today, this test is administered to all students in the fall, winter, and spring of each year and will measure student achievement. Students will be tested in the areas of Reading, Mathematics, and Language Usage during each testing period, and the results will measure your child's academic growth throughout the school year. The MAP Growth tests are unique in that they adapt to your child's level of learning. If your child answers a question correctly, the next question is more challenging. If your child answers incorrectly, the next question is easier. This results in a detailed picture of what your child knows and is ready to learn—whether it is on, above, or below their grade level.

Teacher Appreciation Celebration

Teacher Appreciation Week is May 4-8!

Light Christian Academy appreciates all that our teachers do, but we appreciate even more who they are. Teachers are people who have a love for others and a passion for learning. They have a desire to see others succeed and often have to make personal sacrifices for the good of their students. A good teacher is worth far more than they could ever be paid, and Light Christian Academy has great teachers!

Friday, May 22, is the final day of the 2025-2026 school year! Friday will be a Casual Day; students are allowed to dress in any casual t-shirt of their choice as long as it does not hinder their Christian example.
